SMALL IS PRACTICAL

# Rear-Loading **LOWBOY TRAILER**

80 - 100 Ton Capacity

## **AVAILABLE REAR-LOADING LOWBOY TRAILER MODEL**

### **MODEL**

RLD 80

### **BENEFITS & FEATURES**

- Hydraulic ramps
- Easy and quick to load
- Versatile design allows it to work with a variety of prime movers
- Low-profile loading angle
- Simple controls with one-button operation
- Uses industry standard wheel ends for efficient maintenance and tire matching

The TowHaul Rear-Loading Lowboy is purpose-built for rugged conditions, making it an excellent choice for dozers and small drills. Its compact and agile design ensures compatibility with various prime movers, such as articulated dump trucks, and heavy-duty over-the-road trucks.

Notably, this lowboy features a low-profile loading angle and exceptional ground clearance, enhancing its versatility and efficiency. Whether you're navigating challenging terrains or transporting heavy equipment, the TowHaul Rear-Loading Lowboy delivers reliable performance.

Ideal for hauling smaller equipment.
